DESCRIPTION Want to go on a rafting adventure without getting wet? Then Crazy Rafting by Sega is the game for you! As an arcade exclusive motion simulator, players will take a journey down an intense river populated with more than just whitewater hazards; They'll run into a variety of dinosaurs too! Sporting a two-seater raft, up to two players can embark on a white water adventure that will take them through six insane worlds. Work together to navigate the water ways while the seat and air blower translate the feel of being on a real river! The game even tells you how many calories you burned at the end of a level. The motion seat in Crazy Rafting uses a reliable and easy-to-maintain air bladder system, which is further enhanced with the paddle controller. Just like in real rafting, the faster the player paddles, the faster they go in-game. <i>Watch Crazy Rafting as seen at IAAPA 2022 in Orlando, FL. Video available in 4K UHD; subscribe to us on YouTube (https://www.youtube.com/channel/UCP9vNCFnkiXvBZ93rjRs2Ow) to stay up-to-date with the latest product videos!</i>
